**INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors  
Gremo Investments, Inc.  
2724 Plante Road  
North Aurora, IL 60542

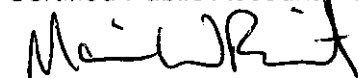

We have audited the accompanying consolidated statement of financial condition of Gremo Investments, Inc. as of September 30, 2006 and the related consolidated statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the period then ended that you are filing pursuant to rule 17a-5 under Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Gremo Investments, Inc. at September 30, 2006, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our Audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III, and IV is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Gremo Investments, Inc.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE PERIOD ENDED SEPTEMBER 30, 2006**

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Operations**

The Corporation is engaged in business of providing financial consulting services to clients. An analysis is done of each individual investor to determine the financial needs. Any investments made by clients are placed directly with various mutual fund companies. No customer money is handled directly by Gremo Investments, Inc. or any of its representatives.

**Basis of Accounting**

The Corporation uses the accrual basis of accounting for financial statement reporting purposes, which recognizes income when earned and expenses when incurred.

The Corporation uses the cash basis of accounting for income tax reporting purposes, which recognizes income when cash is received and expenses and assets when cash is paid.

**Income Taxes**

The Corporation, with the consent of its shareholders, has elected under the Internal Revenue Code to be an S corporation. In lieu of corporation income taxes, the shareholders of an S corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in these financial statements.

To the Board of Directors  
Gremo Investments, Inc.  
14156 S Cicero Ave  
Crestwood, IL 60445

In planning and performing our audit of the financial statements of Gremo Investments, Inc. (the Company), for the period ended September 30, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objective stated in rule 17a-5(g), in the following:

1. Making the periodic computation of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e)
2. Making the quarterly securities examinations, counts, verifications, and comparison, and the recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control and of the practices and procedures, and to assess whether those practices and procedures can be expected to achieve the Securities and Exchange Commission's and the Commodity Futures Trading Commission's (the "Commissions") above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the

Company has responsibility are safeguarded against loss from unauthorized acquisition, use, or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) and Regulation 1.16(d)(2) list additional objectives of the practices and procedures listed in the preceding paragraph.

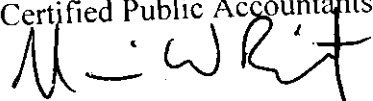

Because of inherent limitations in any internal control or the practices and procedures referred to above, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal control or of such practices and procedures to future periods are subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with the practices or procedures may deteriorate.

Our consideration of the Company's internal control would not necessarily disclose all matters in the Company's internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the Company's internal control and its operation, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commissions to be adequate for their purposes in accordance with the Securities Exchange Act of 1934, the Commodity Exchange Act and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2006, to meet the Commissions' objectives.

This report is intended solely for the information and use of the board of directors, management, the Securities and Exchange Commission, the New York Stock Exchange, Inc., the National Association of Securities Dealers, Inc., the Commodity Futures Trading Commission, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 or Regulation 1.16 under the Commodity Exchange Act in their regulation of registered brokers and dealers and futures commission merchants, and is not intended to be and should not be used by anyone other than these specified parties.
